CLAIMS

Outstanding claims management services is one of the many keys to success within our Social Services Practice. Through our experience in Social Services claims, we are able to report high rates of underwriter profitability and client satisfaction. Our claims specialists understand the unique Social Services entities and work towards the best possible claims outcomes.

RISK CONTROL

Social Service entities from a wide variety of sectors benefit from the experience of our Risk Control specialists. Our Risk Control Services are geared toward loss prevention and benefit businesses within the Social Service industry by providing safety programs, consulting and training.
